RE: Thanks for all you do
Complaint/EEOC/investigation age discrimination

Dear Mr. President Sir,

Hello and good day to you sir. MY name is Ray W Smith and I am a Mississippian and a conservative Republican, and I appreciate everything you have done, and are trying to do for this country. I am proud to be an American and am glad that MAGA is your number one goal, and I Believe we are on the right track if only the democrats would stop trying to derail everything you try to do, it is so sad. I am 61 years old and disabled and I have worked part time for many years and I know that a person should be all he/she can be in this country of opportunity, but even though there are suppose to be protections for seniors and the disabled, sometimes some of us get over looked in the process, and sometimes when filing complaint(s) with the appropriate Federal Agency (Equal Employment Opportunity Commission), about not being hired because of age discrimination, A State Agency,(Mississippi Department of Agriculture and Commerce),and the ones who are suppose to investigate the complaint don't do a thorough investigation because of being biased against the complainant because the complainant voiced an opinion with the investigator, (investigator did not like it), and his supervisor backs him up cause she is biased as well, like in my case, the investigation doesn't end in the complainants favor as in my case. I filed a complaint back in November of 2018, and the investigation was over by July of 2019. After several emails from the investigator (William Jones) from the Jackson, Mississippi field Office, and me providing him with evidence from the secretary and from Robert Benton (Director of MDAC), in jackson, and after 8 months or so instead of the EEOC ruling in my favor, they could not come to determination that I was discriminated against because of my age (they hired a person a lot younger in his twenties), they fabricated lies in their response, thus I did not get the position and I think it was a sham of an investigation to say the least. Anyway, I Just wanted to let you know that it is good that MAGA is and should be the number one goal, and I agree with "ALL" your polices regarding illegal aliens, I agree with the wall, and I am glad you were vindicated of the impeachment scam the left-wingers started, but the Age discrimination act of 1967 did not help me in the employment I was seeking with The Mississippi Department of Agriculture and Commerce cause a thorough investigation was not done or completed, it was just laid to the side, and fabricated lies (like the impeachment saga), was all that the respondents had, but I had no recourse after the investigation was completed to file an appeal, it is sad that disabled and seniors are still pushed to the side and not taken seriously, I hate that my tax dollars

pay for those people to work in those agencies who continually violate our rights for equal protection under the laws, but in reality are not equally protected, in this case EEOC. All I wanted was to get the position as it was in my area and I could do the job(Meat Inspector trainee), (I drove 85 miles for the interview), and I thought I had the job, but I was fooled. I couldn't believe the fabricated statement the respondents made when I filed a complaint against the MDAC, it was awful to say the least, (I have all the files and letters, evidence, etc. in a zip file.) I am expressing this to you because I know you are a man of principles and maybe draining the swamp should include THE EEOC (it is a federal agency under your control and Congress), agency as well, especially the Jackson, Mississippi Field Office. I can provide any and all evidence via email in zip file or I can mail (certified mail), from USPS if needed if I can get something done, might be too late now, it had been 7 months since the case was closed.

Also, I want to thank you for your service and I hope you will be reelected in November, cause you are the best president this country has had since Ronald Reagan and I bid you peace and I encourage you to keep doing what you are doing, and you have my vote for sure. If you have time, please write me back and give me your opinion and what if anything, can be done about my concern(s).

Thank you,
And Sincerely,

Ray W Smith
